Re: Public Records Request

Dear Mr. Freund:

In response to your public records request, enclosed is an Excel spreadsheet of students enrolled for fall 2017 including name, local address and telephone number. E-mail addresses are not considered directory information under University Rule 3359-11-08 and cannot be provided for your request. Also note that students who have opted out of directory information are not included in this list.

I trust this satisfies your request.

Sincerely,

Scott M. Campbell
Associate General Counsel and
Records Compliance Officer

Enclosure
